

# Open Source Software - Controller

## (P+1GDB[...] or P+5GDB[...] or P+50[...] or UP2AGD[...])

This product contains software components that are subject to Open Source licenses or third-party license terms.

All third-party Open Source software is provided **“AS IS”**, without any express or implied warranties from the respective copyright holders.

The full text of the licenses applicable to each component, a list of relevant copyright holders, and references to the corresponding source code (e.g. repository links) are provided in the table below.

Where required by the applicable Open Source licenses, the corresponding source code of the covered components is made available via these references in accordance with the respective license obligations.

Component	License	Library link / Source code	Copyrights
Zlib	Zlib license	<a href="https://zlib.net">https://zlib.net</a>	Copyright (C) 1995-2002 Jean-loup Gailly and Mark Adler

### Zlib license

zlib.h -- interface of the 'zlib' general purpose compression library

version 1.1.4, March 11th, 2002

Copyright (C) 1995-2026 Jean-loup Gailly and Mark Adler

This software is provided 'as-is', without any express or implied warranty. In no event will the authors be held liable for any damages arising from the use of this software.

Permission is granted to anyone to use this software for any purpose, including commercial applications, and to alter it and redistribute it freely, subject to the following restrictions:

1. The origin of this software must not be misrepresented; you must not claim that you wrote the original software. If you use this software in a product, an acknowledgment in the product documentation would be appreciated but is not required.
2. Altered source versions must be plainly marked as such, and must not be misrepresented as being the original software.
3. This notice may not be removed or altered from any source distribution.
